NOTIFICATION OF PRICE INCREASE FOR ZETPOL® HNBR

Louisville, KY (19 December 2018) – Zeon Chemicals L.P. has announced the price of its Zetpol® product line will increase by US\$0.75/lbs (USD seventy-five cents per lbs), approximately US\$1.65/kgs (USD one dollar and sixty-five cents per kgs), effective 1 February 2019 or as contracts allow.

Zetpol® is ZEON's trade name for hydrogenated nitrile rubber (HNBR), a group of specialty rubber made from hydrogenation of acrylonitrile-butadiene rubber. Zetpol® is widely applied for automotive and non-automotive applications because of its unique features: temperature stability up to 150°C, excellent oil resistance, and durability.
